

Session 1 - The Foundation

How can people so different become "ONE FLESH"? In session one we go through Ephesians 5:31-33 to see how our intimacy with Christ directly effects the intimacy between husband and wife.

Session 2 - Perspectives

In this session, through interaction and eye opening activities we accept and embrace individual diversity and learn that this is exactly how God designed us. There are also powerful tools that He gives us to unite the two into one mega- force for God's kingdom.

Session 3 - Ho'oponopono

Using the cultural practice of Ho'oponopono, we see it as something very biblical and helpful in today's conflict resolution, especially in marriage. We will go through the principles and biblical tools to equip couples for their journey.
