### **God's Purpose for Marriage**

Ephesians 5:22-32

### **Where we live**

Many Christians struggle with thinking in the context of God's \_\_\_\_\_ rather than \_\_\_\_\_.

### **Where the text lives**

Paul has been writing what new-life-in-Christ relationships should be in the church and now turns special attention to Christian relationships in the home.

### **What the texts says**

The \_\_\_\_\_ of Christ must transform not only us, but also all of our relationships, especially our marriages.

Christian wives and husbands must have much \_\_\_\_\_ for each other so that they can fulfill God's plan for marriage.

The relationship between a wife and husband is second only to their relationship to \_\_\_\_\_.

\_\_\_\_\_ need to support Christian marriages.

### **Our responses**

God, help our marriages to be saturated with Your love and be used for Your kingdom purposes.
