**Reflection Questions**

• Who is Jesus Christ?

Is he one person? \_\_\_\_\_

Is he truly human? \_\_\_\_\_

Is he truly divine? \_\_\_\_\_

Why did the Son of God become the Son of Man? To save us from our sins.

• The eternal Son of God became the human Son of Man. It is through his \_\_\_\_\_ that he is made “for a little while lower than the angels.” This alludes to his suffering on the cross and to his death.

• What does the book of Hebrews teach about subordination? It says that the world is being subjected to \_\_\_\_\_, and that it will be entirely subordinated to him \_\_\_\_\_.

• The only way these necessary divine moves for our salvation could have come about was if the second Person of the Trinity became truly human in Jesus Christ. The \_\_\_\_\_ of our Lord, the eternal Son of God as creaturely Son of Man, is the fundamental \_\_\_\_\_ upon which the cross, the resurrection, the regeneration of the Holy Spirit, and our final redemption can proceed.

• The first benefit of Christ’s vicarious death and victorious resurrection for us is the \_\_\_\_\_ of the one who held us captive by his clutches.

• Second, Christ’s purpose was to grant us the benefit of true \_\_\_\_\_.

• The third benefit of salvation is that it restores us to a right relationship with \_\_\_\_\_.
